# Charcool

## HERE'S WHAT'S GREAT ABOUT CHARCOOL!

Charcool, simply looks great! It's a cutting edge extruded film to prevent fade that never changes colour. With a non-metallised construction this film reduces signal interference, offers you substantial heat and glare reduction and is shatter resistance to deter 'smash and grab' thefts to improve your personal safety. There's also the protection and peace of mind of 99% UV block out and comes with a nationwide lifetime warranty.

- State-of-the-art extruded film to prevent fade
- Available in a wide range of shades
- Once applied offers additional safety and security to you and the family
- Improves comfort due to maximum heat and glare reduction
- Metal-free construction reduces radio signal interference
- Factory-backed lifetime warranty\*
